

Eastern Europe Energy Update – 4th October, 2017

Armenia Azerbaijan Belarus Georgia Moldova Russian Federation Ukraine

Armenia

Energy efficiency

EU4Energy: Increasing energy efficiency of residential buildings in Armenia 3 Oct

Energy Efficiency in Armenia 2 Oct

Armenia: EU project helps increase energy efficiency of buildings in Vayk 2 Oct

Scaling-up Energy Efficiency Project of non-gasificated Communities launched in Armenia 28 Sep

Renewable Energy

First solar power plant with 0.5 megawatt capacity commissioned in Armenia 29 Sep

First industrial solar station started working in Armenia 29 Sep (in Russian)

Energy policy, economic and business news

DFA and Prime Media Group sign cooperation memorandum 28 Sep

Iran to build 2 power plants on border with Armenia 28 Sep

Electric cars to be exempt from ecotax in Armenia 28 Sep

Electricity

Armenia's export of electricity in 8 months grow by 10% 27 Sep

Nuclear Energy

Czech Export Bank plans to provide warranties for upgrade of Armenia's Nuclear Power Plant 3 Oct

Azerbaijan

Energy policy, economic and business news

Issues of new EU-Azerbaijan energy agreement discussed in Brussels 3 Oct

Azerbaijan reveals data on September's oil output to OPEC 3 Oct

Azerbaijan, Iran preparing joint energy projects in Caspian Sea 28 Sep

Economic development relies not on oil factor, experts say 3 Oct

Electricity

Azerbaijan's electricity production at stable level 3 Oct

Oil & Gas

Star oil refinery in Turkey 95% ready 4 Oct

Ukraine state company wants in on development of Azerbaijan's biggest oil&gas fields (exclusive) 2 Oct

Southern Gas Corridor – key energy project in Europe 30 Sep

Azerbaijan's gas export to Turkey up 28 Sep

SOCAR to increase oil and gas output 27 Sep

Eastern Europe Energy Update – 4th October, 2017

Belarus

Renewable Energy

Makei discusses prospects for renewable energy development in Belarus with Irish investor 4 Oct
First communications tower with solar batteries built in Belarus 4 Oct (in Russian)

Energy policy, economic and business news

Brazil shows interest in Belarusian Belorusneft's services 4 Oct
The XXII Belarusian Energy and Environmental Forum will start on October 10, 2017 2 Oct (in Russian)
Results of the forum of the club of young specialists of design enterprises of the Belarusian energy system 28 Sep (in Russian)
Belarusian BelAZ signs strategic partnership agreement with Russian electric drive company 27 Sep

Oil & Gas

Belarus raises export duties on oil, petroleum products 2 Oct
Transit of Belarusian oil products via Russian ports hinges on advantageous terms 28 Sep
Belarusian Belorusneft plans to provide seismic, drilling services in India 28 Sep

Georgia

Energy efficiency

EU-funded Energy Efficiency Project Shows Potential for Energy Savings in Georgia 27 Sep

Renewable Energy

Enguri HPP Climate Resilience Upgrade 2 Oct
Nenskra Hydro Power Plant Construction Gets a Boost 28 Sep

Energy policy, economic and business news

Energy Twinning in Regulatory Cost Audit and Market Monitoring Celebrates Successful Implementation 28 Sep
Georgian-Azerbaijani cooperation boosts investments in Georgia 29 Sep

Electricity

How to Maximize on the New Generation of Electro Energy 2 Oct

Moldova

Energy efficiency

EU project promotes energy efficiency and green energy in Moldova 28 Sep

Energy policy, economic and business news

The import of energy resources to Moldova in January-July 2017 increased by 22.7% to \$400.7 million 2 Oct
The interconnection of electricity markets of Moldova and Romania is recognized as a priority for the region and the European Union 29 Sep
Moldova is determined to ensure a strong energy link with the European Union - Andrian Candu 28 Sep
EU strengthening solidarity in energy field with Moldova and Ukraine 29 Sep

Eastern Europe Energy Update – 4th October, 2017

Electricity

Termoelectrica company ready to connect all consumers to centralized heating system 3 Oct

Oil & Gas

Moldovan energy regulator announces new ceiling prices, lower for petrol, higher for diesel 3 Oct

Russian Federation

Energy efficiency

Anton Inyutsyn participated in the first day Agenda of the International Forum on Energy Efficiency and Energy Development "Russian Energy Week" 4 Oct (in Russian)

Energy policy, economic and business news

Who will dominate electric power industry and how will oil be used? 4 Oct

Saudi Arabia to allocate Russia \$1 bln for joint energy projects 4 Oct

Anatoly Yanovsky participated in the round table "Russian Foreign Energy Policy" 4 Oct (in Russian)

Vyacheslav Kravchenko: "In 20-30 years, the world energy will be changed technologically" 4 Oct (in Russian)

Anton Inyutsyn "Specific expenditure for electricity production decreased by 5% for 5 years" 3 Oct (in Russian)

Oil & Gas

Gazprom to set record of gas deliveries to Turkey as of year-end 28 Sep

Coal

Anatoly Yanovsky, "According to the forecasts it is possible to save and strengthen Russia's position on foreign coal markets" 4 Oct (in Russian)

Ukraine

Energy efficiency

EU project helps kindergarten in Ukraine to become more energy efficient 3 Oct

German-Ukrainian cooperation – complex energy-saving rehabilitation of multi-apartment buildings 2 Oct

Support for energy-efficiency measures in three Ukrainian cities 2 Oct

School and kindergarten in Ukrainian city of Hola Prystan to become more energy efficient with EU support 2 Oct

Since October 1 in Ukraine started the preferential tariffs for electrical heating 2 Oct (in Russian)

Ukraine: EU helps city of Dolyna become more energy efficient 29 Sep

EU project helps kindergarten in Ukraine save energy and costs 29 Sep

In the Lviv region kindergarten will reduce energy consumption by 60% 29 Sep (in Russian)

Ukraine and Germany are working together to stimulate Ukrainian industry to energy efficiency 28 Sep (in Russian)

The European Investment Bank (EIB) approved a loan for the Astarta agro-industrial holding to support the energy efficiency and modernization programme 28 Sep (in Russian)

Renewable Energy

35 solar mini power plants installed in the Zhitomir region in half a year 4 Oct (in Russian)

Eastern Europe Energy Update – 4th October, 2017

The Ivano-Frankivsk region territorial community intends to build a solar power plant 4 Oct (in Russian)
to-the-point: Windkraft Ukraine breaks ground on 41-MW project – report 4 Oct

For three years Ukraine attracted 700 million euros of investment in the "green" energy sector 3 Oct (in Russian)

In Khmelnytsky region the biogas plant started producing electricity with the capacity of 5.1 MW 3 Oct (in Russian)

Another solar power plant installed in Lviv region it will earn 2 thousand euros per year 3 Oct (in Russian)

First "solar" bench for charging gadgets installed in the city of Vyshgorod 3 Oct (in Russian)

In Ukraine launched the first phase of a new wind farm at 70 MW 2 Oct (in Russian)

The first stage of the Novotroitsk wind farm with the capacity of 41 MW was connected to the grid 2 Oct (in Russian)

3 more households in Zhytomyr region will receive compensation for the installation of solar panels. In addition to the "green" tariff 2 Oct (in Russian)

In Mariupol soon to appear sirens with solar panels 30 Sep (in Russian)

In the Rivne region to be built a TPP on biofuel with the capacity of 4 MW 30 Sep (in Russian)

Another solar power plant may appear in Mykolayiv region 29 Sep (in Russian)

"Green" tariff for households raised because of the euro's rate hike 29 Sep (in Russian)

The installed capacity of renewable energy in Ukraine increased by 18% 29 Sep (in Russian)

An inventor from Vinnytsa city installed a solar power plant and pays now for energy 150 UAH per month 28 Sep (in Russian)

In the Okny village of the Odessa region to be built a solar power plant of 12 MW 28 Sep (in Russian)

Volyn region is installing street lights on solar energy 27 Sep (in Russian)

UDP Renewables connected to the network the first phase of the largest solar power plant in the Kiev region 27 Sep (in Russian)

In the Kherson region DTEK launched a 10 MW solar power plant 27 Sep (in Russian)

Ukrainian families invested € 22 million in solar energy 27 Sep (in Russian)

UDP seeks to start building two solar power plants in Kherson, Odesa regions in Q4 2017 27 Sep

Energy policy, economic and business news
